

Solo Smoke Aerosols

A new range of choice

Changes in regulations mean that, by 31st December 2017, our Solo A3 smoke aerosol will no longer be manufactured – but we have a new range of Solo smoke aerosols, compliant with regulations and **AVAILABLE NOW!**

Introducing New Product Choices: **Solo A10 & Solo A5**

Approved and used worldwide, our Solo range is the industry's number one choice for functional testing of detectors. Stay compliant with new regulations by choosing from the new range of Solo smoke aerosols.

- Detector manufacturer approved
- Fully compliant with latest regulations
- Safe formula – for user and detector
- Compatible with the Solo 330 dispenser

Solo A10 Working where non-flammable is essential!

Solo A10 is your new solution. Available in the standard 250ml can or as a 150ml - which is similar in price to the Solo A3

Solo A5 The ideal general purpose tester.

Common with other pressurised aerosols, Solo A5 is a flammable product. Available in a standard 250ml can similar in price to Solo A3.
